IN-PERSON & LIVESTREAMED

BEYOND LEFT AND RIGHT

In the last few years, and particularly now, the U.S. Supreme Court has often been an object of controversy and has not been spared accusations of being essentially a political tool. Against this background, we would like to be helped to look at it more objectively and understand better its role, nature, decision-making processes, and source of its jurisprudence. Is it possible to rekindle, to use an expression in our theme, a greater trust in this essential institution of American society? Speakers will address these questions.
